IMPORTANT CHANGES TO THE 2027 RGC MEMBERSHIPS:

1. Mandatory Credit Card on file: Applicable to all memberships

The Club presently extends credit privileges as a courtesy to its members for purchases they may make either at the Pro Shop or the F&B Department. Therefore, the Club should be able to expect the same courtesy from its members through prompt payment of their accounts upon receipt of their statement.

To ensure the Club's financial Stability, the following policy will be in place for the 2027 season.

Unless Pre-Approved by the Board: All members applying for a 2027 membership will be required to provide credit card information with their membership application to cover any overdue balance on their Club accounts.

(a) As in previous years, members will have the privilege of charging their Pro Shop or F&B Department purchases to their Club accounts

(b) As in previous years, the Club's administration will send members a statement about the transactions on their members account for a specified period, indicating either a debit or credit balance.

(c) In the event that a member's statement indicates an amount owing to the Club, the **FULL amount MUST be paid** within the next (7 days of the due date).

(d) In the event that a member does not pay the full outstanding amount by the due date, the outstanding amount will be charged to the member's credit card.

(e) Members may pay their accounts by either, e-transfer, debit or cash at RGC's administration office.

Note: Members requiring additional time to pay their accounts are asked to contact the Club's General Manager (GM) before the due date to avoid having their outstanding balance charged to their credit card.

2. Food & Beverage (F&B) Tab: $300 Annually

For the 2027 season, the Club is eliminating the **$250.00 advance credit payment** that members were required to make at the beginning of the previous season and replacing it with a $300 minimum annual spending requirement in the F&B Department.

What this means and how it works:

(a) Each member is required to spend a minimum of $300 at the RGC F&B Department during the 2027 golf season.

(b) In the event that a member **DOES NOT** meet the $300 minimum by the end of the 2027 golf season, the difference between the amount spent and the $300 minimum will be added to their account and charged to their credit card (pursuant to Item 1 above).

Note 1: The Club's administration will track these purchases through members accounts.

***** Couples and Corporate memberships will have a **$600** minimum annual F&B spending requirement.

Note 2: Members who pay at the time of purchase rather than charging all or some of their F&B expenses to their Club accounts are asked to keep their receipts and submit them to the Clubs administration to ensure the purchases count toward their annual minimum spending requirements. The Club will also maintain a running total.

3. Pro-shop Purchases

As in previous years, members will have the privilege of purchasing items and charging them to their Club accounts (subject to item 1 "Mandatory Credit Card").

However, any item that is not in stock and must be ordered by the Club must be paid for in full before the Club places the order.
Note: In other words, these purchases cannot be charged to a members Club account.

To Our Members

The above changes are important not only for maintaining sound financial management but also for streamlining to the Club's administrative operations.

Management and the Club's Board of Directors wish to thank all members for their continued patronage and understanding of these important changes.
